## **Ecole Centrale School of Engineering Admission Notification for M.Tech. programmes (Academic Year 2024-25)**

École Centrale School of Engineering, Mahindra University (MU) Hyderabad, which has been offering several four-year B.Tech. degree programs in engineering since 2014 in partnership with the École Centrale Group of Institutions of France now announces admissions to its interdisciplinary M.Tech. programs commencing from the academic year 2024-25.

**M.Tech.** programs at MU are aimed to create post graduate engineers with the unique ability to adapt to global engineering challenges and adopt new technologies that would help redefine the future, train and prepare Engineers to meet the challenge of interdisciplinary complexities demanded by multinational organizations.

Sponsored by Mahindra Educational Institutions (MEI), a subsidiary of Tech Mahindra, the flagship IT company of the Mahindra Group, Mahindra University's purpose is '**To educate future citizens for and of a better world**'.

MU's overarching **Vision** is to

- Train multi-skilled leaders capable of reflection as well as innovation, committed to inclusive and sustainable progress
- Aim for interdisciplinary academic excellence by integrating the study of science and technology with liberal arts covering humanities, ethics and philosophy, and design thinking
- Balance education with experience through entrepreneurial projects to solve complex challenges facing society.

MU has an international faculty roster with a rich industry-academic background, global exposure and research focus, contemporary curricula that is frequently reviewed and updated, and aligned to the global business and industry requirements.

### **Program Highlights:**

- Truly international program with a focus on the natural, creative and engineering sciences
- Environment of unique cultural immersion for students, faculty and staff
- International Exchange Program with mandatory internships
- A research-driven program with close links to industry
- Inter-disciplinary approach to engineering education with a mix of Humanities, Social Sciences, Management and Philosophy.

## Program Profile: **M.Tech. Post Graduate Program**

This M. Tech. Degree will be awarded after successful completion of two years of intensive study as per academic program & curricula set and approved by the Academic Council of the University.

### Specializations and intake per specialization:

Department	Specialization	Proposed intake for the academic year 2024-25*
Bio Medical Data Science	Bio medical Data Science	15
Civil	Computer Aided Structural Engineering (CASE)	15
	Transportation Engineering (TE)	15
Computer Science	Artificial Intelligence & Data Science ( AI & DS )	15
Electrical and Computer Engineering	Autonomous Electric Vehicles (A-EV's)	15
	VLSI Design & Embedded Systems (VLSI)	15
	Power Electronics and Renewable Energy Systems (PERS)*	15
Mechanical and Aerospace Engineering	Systems Engineering (SYE)	15
	Robotics (ROB)	15
	Computational Mechanics ( COM)	15

**# Proposed to Launch from academic year 2024-25 \*Subject to revision**

### Important Dates to remember: (Subject to revision) \*:

Last date to apply for 1 <sup>st</sup> round of MU written test	21-may -2024
